## OMEGABRANDESS ANNOUNCES EDWAL E-6 CHEMISTRY

*Hampstead, Maryland* – December 14, 2018 - As the owner of the well-known EDWAL brand of photo chemistry, OmegaBrandess is proud to introduce the **EDWAL E-6 32 OUNCE AND 1 GALLON DEVELOPING KITS**.

The overwhelming popularity of the recently announced Kodak Ektachrome film has spawned renewed interest in at-home and small batch film developing. To meet that demand OmegaBrandess Distribution is offering E-6 developing kits for the students and hobbyists out there to develop their own color slide film.

Now available at many photo retailers are a 1-quart and 1-gallon developing kit under our Edwal branding. Each kit contains Developer, Color Stabilizer, and Blix- all the chemicals needed to process E-6 film. Easy-to-use liquid allows for variations in time and temperature! Also available at [OmegaBrandess.com](http://OmegaBrandess.com).

### **Pricing**

The suggested retail price is \$59.99 for the quart kit and \$134.99 for the gallon kit.

### **About OmegaBrandess**
